

K-Love (94.7) is a refreshing radio station in my communtiy compared to most of the other garbage heard on the radio around here. I listen and am inspired by messages and music on K-Love each day!

I believe the Memphis area truly benefits from having a positive radio station on the airwaves. Please do not let K-Love be displaced by an LPFM broadcaster providing 'less positive' programming. K-Love provides encouragement to young and old alike, keeps us on track with what's 'right' each and every day. K-Love is an extension of our Sunday worship of God by helping us worship every day of the week! It's in the best interest of our community to have K-Love broadcasting wonderful messages and music!

Thanks for listening,

Angie Kirkland
